

WEDNESDAY MORNING, VOL. XXXVII, MAY 29, 1918.

Liberty Under Law—Equal Rights—True Industrial Freedom

GERMAN MOMENTUM IS GIVING SIGNS OF SLACKENING.

American Troops Sweep Forward Over Mile and Quarter Front.

OUR FORCE IN VICTORY

Reverse Hun Rush With Big Loss.

Hundred German Prisoners Captured When Village is Taken.

Chase Fleeing Enemy in Cantigny, Which We Now Hold.

(BY A. P. NIGHT WIRE)

WASHINGTON, May 28.—American troops in Picardy captured the village of Cantigny, took 200 prisoners and inflicted severe losses in killed and wounded on the enemy, says Pershing's communique tonight at the War Department.

Casualties were relatively light.

Statement follows:

On the morning of May 28, our troops in Picardy captured the village of Cantigny, took 200 prisoners and inflicted severe losses in killed and wounded on the enemy, says Pershing's communique tonight at the War Department.

(Continued on Third Page.)

THE DAY'S NEWS SUMMED UP.

Partly cloudy. Wind southwest, velocity, 6 to 10 mph. Temperature, 64 to 70. Forecast: Partly cloudy showers. For more data see last page.

Commerce Committee will work on war revenue legislation during recess of Congress over July.

Washington military experts look upon Alsace drive as prelude to blow at Amiens; no cause for worry is noted in official dispatches so far.

Test steel merchant vessels, with tonnage of 62,496, are completed in week ending May 25; eighteen more are launched during same week.

Difficulties in way of conference agreement between House and Senate on oil lands leasing bill are expected; Senators oppose administration wishes.

General Eastern. Efforts of I.W.O.W. to start general strike or revolt among miners in southern California are being crushed.

Sharp recovery caused by strength of railroads over July.

Army aviation cadet from Indiana falls to his death on Long Island field when attempting nose spin at too low an altitude.

American submarine returns to Atlantic port after a collision 800 miles at sea, in which the nose of the submarine was torn off.

FOREIGN. The Hague reports several German munitions works from works and railway stations bombed by Allies; large set off in many places.

Peace doesn't stop fighting in Ukraine, where peasants are armed with machine guns, and are opposing German's confiscation of food supplies.

German officer, a war prisoner after viewing American preparations in France, declares it is all up with Germany as far as ultimate victory is concerned.

THE GREAT WAR. Initial momentum of German drive appears to be slackening, although fighting still is raging with great fury along the Aisne battlefield, where the Hun is making the most strenuous attack at present.

Striking south from the Chemin des Dames, the German forces have penetrated the Aisne River and are near the Vesle. This marks a German penetration of southern France.

The brunt of the fighting is being borne by the French forces, but it is believed that the German advance has been checked.

The Allies have struck back near Loivre and, wrested from the Prussians every foot of ground earlier lost.

American troops in Picardy attacked on a front of a mile and a half, and entered the enemy's trenches, where 500 prisoners were taken and severe losses inflicted on the Germans.

Berlin asserts 15,000 prisoners have been taken since May 1.

COUNTER DRIVE ON.

Allies Strike Back Near Loivre.

British and French Launch Big Force Where Kaiser Gained Early.

Success of Fighting will Make Hun's Attack Costly and Huge Failure.

(BY ATLANTIC CABLE AND A. P.)

WITH THE BRITISH ARMY IN FRANCE, May 28.—British and French troops on the northern side of the Flanders salient launched a counter-attack this morning east of Diksbusch Lake for the purpose of retaking a few bits of ground which the Germans captured in this section during their drive yesterday between Loivre and Voormezele. The operation appeared to be going well at the outset. Its success was all that was needed to make the enemy assault a complete and costly failure.

When the correspondent visited the French last night virtually the entire sector involved was intact. It was stated that the gains which the enemy made in the Diksbusch region were small.

There was very hard fighting on the French left flank throughout the day, and the artillery duel was intense, but the German attack was not made in great strength. It appeared to have been merely a reconnaissance to have merely regain the high ground which the Allies had lost.

ENEMY MAKES HEADWAY ONLY AGAINST FRENCH CENTER NOW.

Allies Beginning to React with Effect Upon Wings—Foch's Reserve Hurrying Forward—Huns Outnumber Us Ten to One—British Re-establish Line.

(BY ATLANTIC CABLE AND A. P.)

PARIS, May 28.—The situation tonight is more reassuring. The latest advices from the front show that, while the violence of the enemy's effort yet is unabated, he is making headway only on the center, and that even there the German momentum is giving signs of slackening.

The Allies are beginning to react with effect on the wings.

PARIS, May 28.—Heavy counter-attacks by the French troops stopped the German advance on the heights of Neuville-sur-Margival and Vregy, northeast of Soissons, and other heights dominating the valley of the Vesle River, according to the War Office statement tonight. The Germans, however, succeeded in crossing the Vesle in the region of Bazoches and Fismes.

PARIS, May 28.—The Germans are trying to force a passage of the Vesle at Fismes, which is the center of most important communications, according to the Liberte correspondent at the front, who adds:

"The battle is being fiercely contested, with alternating fortunes. Our reserves are commencing to arrive south of the Vesle and their effect is already felt at Fismes."

BERLIN (via London) May 28.—"We are now fighting for the Vesle sector between Soissons and west of Rheims and have captured the southern bank on both sides of Fismes," says the official report from headquarters tonight.

"Our attack across the Aisne is being continued and yesterday's successes have been further extended."

WITH THE FRENCH ARMY IN FRANCE, May 28 (noon).—At least twenty-five German divisions today joined in the attack and forced farther back the French and British division holding the line.

Tanks, machine guns and poison gas shells were the principal factors in the successful advance, aside from the numerically superior forces of the Germans.

Notwithstanding the smallness of the Allied armies, they did their utmost to stay the immense push of the enemy troops, ten times their number. The German advance, which was one of the most rapid since the beginning of the war, could not be held, however, as wave after wave in dense lines came forward.

The western Allied flank has maintained its positions well, and reserves are hurrying toward the danger point of the greatest advance.

The retreat of the French and British was made in orderly fashion, the troops destroying their material as they left or taking it along with them.

The army staff still retains the fullest confidence in the outcome of the battle, LONDON, May 28.—Field Marshal Haig reports from France tonight: "Counter-attacks this morning by French and British troops re-established our line east of Diksbusch Lake."

BERLIN (via London) May 28.—The official report from headquarters says that up to the present 15,000 prisoners have been taken.

ON WEST FRONT.

FIGHTING STILL RAGING IN UNPRECEDENTED FURY.

Hun Hordes Melt Away Under Withering Fire of Allies' Machine Guns.

(BY ATLANTIC CABLE AND A. P.)

WASHINGTON, May 28.—The great battle in the valley of the Aisne is still raging with unprecedented fury. Having stormed the hilly ridge of the Chemin des Dames and having pushed across the Aisne before Berry-au-Bac and Vailly, a distance of eighteen miles, the Hun hordes are now striking for the River Vesle, which parallels the Aisne and lies six miles to the southward.

But before the enemy can reach this stream he must cross the high ground known as the Aisne Plateau, which lies about Bogennes, Quevrecourt and Montigny. The battle has already reached a critical stage.

The forcing of the Aisne west of Soissons seriously endangers the city, for, should the Germans be able to move enough troops across the river to start a flanking movement westward, Soissons and the entire Allied line from Coucy to the Oise would be threatened. This probably is what the Germans expect to do.

The whole purpose of the Aisne attack was to remove the danger to their positions on the Somme from the long expected flank movement from Coucy to Montdidier. Having bent the Allied line in at Montdidier, the Germans find that to hold that place it is necessary for them to again straighten out the front by removing the menace to their flank.

THE TEUTON WEDGE. Their big general plan in the campaign of 1918 has been to drive a wedge far into the enemy lines at some particular point and then follow this up by striking at the flanks, thus removing the wedge by pushing back the rest of the line. In a way it resembles a man driving a chisel into a piece of wood and then working from side to side to split the wood.

The attack in the Aisne Valley does not mean that Ludendorff has abandoned his objectives in Northern Picardy. Once he has battered his positions he probably will shift the weight of his attack to the Somme area specially to the sector between Arras and Amiens for a powerful attack here if successful would endanger both Paris and the channel ports. Ludendorff's drive along the Aisne does not even endanger Paris. It is safe to say that Ludendorff is not even contemplating a try for Paris. He would rather follow the rivers than cross them, and behind the Vesle lies the Marne, where the great advance of August, 1914, was halted.

NO CAUSE FOR WORRY. If the Germans should make their advance to Compiegne we might look for another dash down the Oise River towards Paris, but a lot of things can happen before that occurs. There are no reasons for worry in the latest advances of the Germans. The war will not be won on the Aisne. What is happening there is only the first act of the great drama, which will engage the Allies.

Germany's Air Squadrons Cruise at will Over Cities of Germany.

GERMAN IRON WORKS HIT BY ALLIED FLYER'S BOMB.

Many Teutons Killed in Liege by British Raiders; Paris Raid Blocked.

BRITISH CABLES AND A. P. J. HAGUE, May 28.—Details of the British air raid last week in the Liege district of Belgium are published today by Les Nouvelles. A score of machines participated in the action, dropping about 100 bombs. One bomb fell in the middle of the important railway station at Kinkempens, killing or injuring a large number of German soldiers and civilians. The explosion set fire to the building and part of it was destroyed.

Another missile fell close to the iron works, which was occupied by Germans, and it produced a great explosion. Bombs were dropped at Heratop upon munitions works and the arsenal, which now is under control. The damage was small. Another bomb fell on the industrial plant at Chet. According to the news, the completely surprised German defense airplanes were shot down by the anti-aircraft guns supplied with suitable ammunition.

On the same day this British air force also successfully bombed the fire factories at Aix-la-Provence. The raid was made by a single machine, which was shot down by the British air force. The machine was shot down by the British air force.

INTERNED ALIENS TO RAISE CROPS.

WASHINGTON, May 28.—Provost Marshal General Crowder's work-order has been applied to interned enemy aliens by the government, and many Germans formerly engaged in business in the large cities of the country soon will be plying hoes, rakes and other farm implements in gardens at troop camps, raising vegetables for the soldiers.

A 400-acre farm will be cultivated at Camp Dix, N. J. Each 100 aliens will be allotted after by twenty-five soldiers.

BRITISH START COUNTER DRIVE.

(Continued from First Page.)

French captured on May 26. Apparently elements of four divisions were employed by the enemy, and it may be estimated that eight or ten thousand German infantrymen were sent forward on a front of about 6000 yards.

HEAVY BOMBARDMENT.

The attack was preceded by the heaviest bombardment since Von Hindenburg launched the offensive of March 21. At the beginning of this terrific cannonade, it looked as though the Germans were about to renew their great effort. From 1 o'clock yesterday morning until 11 o'clock this morning, the British artillery maintained a bombardment of drum fire intensity, which was opposed furiously. More gas shells than usual were employed by the Germans, especially in the back areas, in an effort to catch concentrations of Allied troops.

When the Germans advanced they met such an effective barrage on the French right flank that the attack never got to close quarters. The sustained severe punishment from concentrated shell fire and French machine guns.

In the center and on the left flank, however, the enemy was more successful in the first rush. Pompiers, south of La Cotte, was captured and the enemy pushed back the defense line somewhat south and east of Dickenbusch Lake.

Fighting was still continuing at nightfall, when the Germans again increased their artillery fire, which subsided somewhat during the day.

No infantry action was reported last night on any other part of the British front except for raiding operations. British troops carried out successful raids in the east of Ayette and northeast of Bolesau-St. Marc.

The British and enemy air services were again intensely active. Taking advantage of the moonlight, German pilots crossed the lines in large numbers on bombing raids, and all night the sky above the whole front was lighted up by the flashes from the Allied anti-aircraft guns.

SENATE ADJOURNS.

WASHINGTON, May 28.—The Senate adjourned today until Friday so that members may fill Memorial Day speaking engagements in distant cities.

PRUSSIA JAILS ARMY CRITICS.

Berlin Prisons Crowded by Kaiser's Opponents.

Nervousness of People Causes Many Rumors.

GIRL STUDENT SAYS SPIES KEEP DISCONTENTED QUIET.

(ATLANTIC CABLE—REUTERS DISPATCH.)

BERNE, May 27.—The perfect spy system now in force throughout Germany prevents a free expression of sentiments among the people, a girl student, recently from Berlin, said to a correspondent. "They know the Berlin prisoners are crowded with men and women who have been overheard to speak against the Kaiser's government, Hindenburg and Pan-Germanism."

"Working-class women in Berlin feel great bitterness about the propaganda of the Kaiser's government. I once heard a woman say: 'Everytime I put my children to bed I pray God they may never wake.' I spent some considerable time in Munich and was surprised to note the growing hostility toward Prussian soldiers and officers. It circulates, and owing to the nervousness of the people find ready credence."

"It is true they've deplored the Kaiser's peasant woman asked me: 'Circumstantial reports about attempts to put the life of the Emperor or of the Crown Prince crop up from time to time.'"

A large portion of the 4000 students registered at Berlin University are women and many men. Lectures halls sometimes present an extraordinary spectacle. I've seen at one time a professor lecturing before blind students, students with artificial noses and wooden legs, students who were deaf in one ear.

"Some of the professors indulge in patriotic fireworks. On the day on which the great offensive began a professor of philosophy, whose lectures I attended, dashed his hand down the front of his trousers and said: 'Now they'll see what furor Teutonic is!'"

The students, like the general body of the population, suffer acutely from hunger. I frequently saw girls faint from sheer weakness during lectures. In other cities have reached an intolerable point. Fighting was still continuing at nightfall, when the Germans again increased their artillery fire, which subsided somewhat during the day.

No infantry action was reported last night on any other part of the British front except for raiding operations. British troops carried out successful raids in the east of Ayette and northeast of Bolesau-St. Marc.

killed and wounded. Our casualties were relatively small. "Hostile counter-attack broke down under our fire."

In Liebling and in the Woivre artillery of both sides continued active. Early in the day our aviators shot down a hostile machine. THROUGH ALL OBJECTIVES.

(ATLANTIC CABLE AND A. P. J.)

WITH THE BRITISH ARMY IN FRANCE, May 28.—The American troops on the French front near Montdidier delivered an attack against the German positions, fought their way through all objectives, including the village of Cantigny, and captured 140 prisoners.

Tuesday's fighting in the vicinity of Montdidier will mark an epoch in the war, so far as the American troops are concerned. Here in an attack they captured their first village—Cantigny—which lies a short distance northwest of Montdidier. They also took several other objectives and held all of them in the face of a counter-attack. The Germans suffered severe losses in men killed or wounded and in addition lost 200 prisoners. The American casualties were relatively small. The German official report announces the taking of American prisoners. The report from American headquarters, however, shows only two Americans missing, one in Picardy and the other in the Lunenburg sector.

INDICTED MEN DENY CHARGES.

New York Copper Magnate is Among Accused.

Twenty-one Leading Arizona File Demurrers.

Ousting of I.W.W. No Violation of Law, is Claim.

(ATLANTIC CABLE AND A. P. J.)

TUCSON (Ariz.) May 28.—The cases of the twenty-one men indicted by the United States grand jury here in connection with the deportation from Bisbee last July 12 of 1186 striking copper miners and I.W.W. sympathizers were put over until fall today when they were called by United States District Judge William H. Sawtelle. This action was taken after counsel for the defendants, none of whom appeared in person, filed a demurrer to the indictments.

When the cases were called today it developed that Walter Douglas of New York, president of the Phelps Dodge Corporation, was one of the men indicted. Mr. Douglas entered appearance through his attorney, as did the other twenty defendants, all of whom are at liberty on \$5000 bond.

DOUGLAS'S STATEMENT.

(ATLANTIC CABLE AND A. P. J.)

NEW YORK, May 28.—In explanation of the indictment of Walter Douglas, president of Phelps Dodge & Co. of this city, with twenty others, for alleged conspiracy in connection with the deportation of 1186 copper miners and I.W.W. sympathizers from Bisbee, Ariz., on July 12 last, Matthews C. Fleming, counsel for Mr. Douglas, said today: "Mr. Douglas was in Arizona when members of the I.W.W. from outside the State attempted to cripple copper production. Urged by their mischief makers, the Austrian and Mexican miners struck without authority and began a campaign of intimidation and violence. The copper output, desperately needed by the United States government, was tied up."

"Sheriff Harry Wheeler, now a captain in the American army in France, called the strike 'treason'."

COAST FIRST FOR WAR EXPOSITION.

GREAT MILITARY SPECTACLE NOW BEING ARRANGED IN BOSTON.

(ATLANTIC CABLE AND A. P. J.)

SAN FRANCISCO, May 28.—The government's great war exposition, said by experts to be one of the biggest military spectacles ever arranged, will be shown for the first time in America in San Francisco, it was announced here tonight by Arthur Bassett, director of the exhibit, which is being arranged by the committee of public information.

Secretary McAdoo, it was announced, has agreed to the supplying of a special train of sixteen cars to bring the display from Boston, where it is being assembled.

Among the scheduled features of the exhibition are: Airplane battles; trench warfare as it exists in Europe, with hundreds of soldiers of the Allies and Americans participating, including Red Cross nurses and doctors who have seen actual war service; tanks in action; exhibits showing wounded and crippled men under vocational training; 1400 trophies taken from the Germans on the battlefield, and a complete display of war posters, representing all Allied nations.

The opening of the exhibition has been set for July 1, in conjunction with the beginning of the fourth annual convention of the Associated Advertising Clubs of America.

The exhibit, it was said, is to be shown in other cities after it concludes here.

The indoor features are to be shown in the municipal auditorium. An outdoor site is to be selected for the open-air events.

You Can Buy The Well Known KURTZMANN PIANO

(Upright Style)
For As Little As \$375
On Terms Of \$6 Per Month

You take no chance when you invest in a Kurtzmann. The dependability of this instrument—its sturdy wearing qualities and lasting richness of tone—is assured by a 70 years' record. Grand models \$700 up.

Rengo Belt

Reducing Corsets Are Economical

No reducing corsets are so truly economical, so long-lived or so satisfying as these extra-strong garments.

The Rengo Belt feature of tailoring has become famous among medium and stout women, because it solves the problem of retaining shapeliness where the greatest strain comes over the abdomen and hips. Note the exclusive method of boning this portion of the garment, then wear one Rengo to each mode—you will find your first supple corset satisfaction.

Models for every figure—some with elastic webbing for greater freedom—all with double watch spring boning.

The Corset Shop,
533 South Broadway.

A War Industry

(Established in Los Angeles 30 Years)

A well-known local corporation, in the iron industry, now filling orders for war supplies, must build a new and larger modern plant, adding additional equipment that will increase the output over three times, enabling the acceptance of a larger volume of the profitable business that is offered daily.

FACTS

- Established over 30 years.
- Dividends Paid over 20 years.
- Business Increase in 4 years 300%.
- Accepting only 20% of Business Offered.
- Nine Months Required to Fill Orders on Hand.
- Product in Demand in Time of War or Peace.

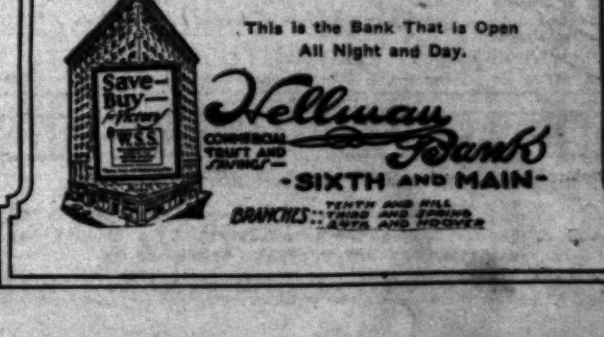

You are offered an opportunity to become interested in this successful corporation by the purchase of an offering of stock at par. The money received from the sale of stock will supply the financial needs for the construction and equipping of new plant.

For full details, financial report, bank and commercial references, write or call at up-town office. Open Thursday Until Noon.

STYLE HEADQUARTERS

Where Society Brand Clothes are Sold

The Spirit of Spring

THE new models express the spirit of Spring—in fabric, in style, and in colorings.

Clothes that typify the tendency of the times—the mark of youth without being youthful. Glen Rocks, Melroys and Briarcliffes are the new fabrics. And navy blues, myrtle greens, russet browns, coffee browns, heather shades and iridescent effects are the new colorings.

WHAT IS THE MORRIS PLAN?

It is a business institution—not a philanthropy, not a pawn shop—where a person can come, just as he would to a bank, to get a loan. The MORRIS PLAN extends the same regular weekly payments. You need only two of your friends with steady salaries and good character, to vouch for you. Ask for our booklet No. 1, free.

NEVADA FOOD AGENT ACCUSED OF BRIBERY.

(ATLANTIC CABLE AND A. P. J.)

SAN FRANCISCO, May 28.—James A. Wood, deputy Federal Food Administrator of Nevada, was indicted by a Federal grand jury here today, the indictment charging that Wood accepted a bribe from the Milling Company of Nevada in return for the immunity of the company from the operation of certain provisions of the rules of the Federal Food Administration.

Wood was held for the action of the grand jury after a recent hearing before a United States commissioner.

VETERANS HONOR WILSON.
(ATLANTIC CABLE AND A. P. J.)

WASHINGTON, May 28.—Honorary membership in the Military Order of Foresters War of the United States was conferred on President Wilson today by a committee of the New York commandery.

Why You Should Never Pare a Corn

If you are troubled with corns or calluses, do not run the risk of blood poisoning. Paring a corn is a dangerous practice. It is the only safe way to get rid of a corn.

ONE OF NATURE'S COMMON TRICKS

Acts just like a wireless message and "ouch" is the answer.

Lemon Juice For Freckles

Squeeze the juice of two lemons into a bottle containing three ounces of orpiment white, shake well, and you have a quartet pint of the best freckle and tan lotion at a very small cost.

BATTLE FURY UNPRECEDENTED
(Continued from First Page.)

attention of the world throughout the next few months. The action is sure to spread over the whole front from Rheims to the sea, and give rise to many critical days and nights. The Allied public are better prepared for bad news than they were two months ago, and there is every reason to expect that the army is better prepared to meet the enemy at a heavy cost of men. Wave after wave of the Germans, sent out in massed formations, fall before the withering fire of machine guns until finally the survivors of a wave manage to reach and occupy the enemy trenches. Battered and bleeding the bodies of thousands of their comrades sacrificed mercilessly.

DATE OF HANGING TO BE FIXED BY THE WARDEN.

SAN FRANCISCO, May 28.—Thomas A. Mooney, convicted of murder in connection with the explosion in 1916, was again sentenced to death today. The order made by Judge Griffin A. Griffin, who presided at the trial, was that Mooney be removed to San Quentin prison within ten days, and there hanged at a time to be determined by the warden, but not less than sixty nor more than ninety days from this date.

MOONEY AGAIN IS SENTENCED.

Judge Griffin did not amplify the statement, merely saying that the law imposed upon Mooney the penalty of death. The sentence was pronounced in a few words. Mooney showed little emotion.

WEATHER ELSEWHERE.

Intermittent Downpour of Rain Adds to Chicago's "Enjoyment" of Near-zero Weather.

THE ARMY.

It meant that from then on Germany would face the fighting American army as well as the British and French and that by the end of this summer the million men will have been trained and seasoned the Allies may be in the position to initiate the offensive.

CURLY BROWN BEATS SOLONS.

Art Griggs Only Senator to Reach Second Base.

Angels Start Speedy Work Early in Game.

Rodgers' Aggression Never Real Threatening.

BY EDWIN F. O'MALLEY.

With a joyous lull in the excitement of the game, the Los Angeles Angels, who were out on the field for the first time in the Pacific Coast League, started their game with Sacramento on Wednesday afternoon at Washington Park. The Angels, who were out on the field for the first time in the Pacific Coast League, started their game with Sacramento on Wednesday afternoon at Washington Park. The Angels, who were out on the field for the first time in the Pacific Coast League, started their game with Sacramento on Wednesday afternoon at Washington Park.

TOMMY BURNS TO TEACH SOLDIERS.

(BY A. F. MURPHY.)

VICTORIA (B. C.) May 19.—Tommy Burns, one time heavyweight champion of the world, left today to become physical director for Canadian forces at Vancouver. Burns arrived here yesterday and underwent a successful medical operation for administration into the army. Burns announced he intends to meet Fred Fulton, claimant of the heavyweight title, in a six-round bout in Vancouver for a war charity in the near future.

Curly Brown, who played easy with Washington Park, was generally felt that there would be no game. Despite this fact, however, the rank and file of regulars were on hand, not a mother's son of whom chorused for a rain check. Brown was opposed by Brenton, the latter being one of the Senators' best twirlers. Brenton was somewhat unsteady in the first three innings, but after that settled down and hurled good ball.

BUNGAY LEADS THE AMATEURS.

Lands on Top in Shoot of the Coast Cracks.

Mitchell Gets Professional Event Honors.

Tournament will Conclude this Afternoon.

Despite the weepy condition of the weather, some five dozen trap-shooting enthusiasts succeeded in banging off the second round of the Pacific Coast Amateur Handicap yesterday. In the morning the Pacific Coast special of 100 targets shooting consisted of the 50-target preliminary handicap.

AMERICAN LEAGUE.

(BY A. F. MURPHY.)

Philadelphia, May 19.—Lower-milk held Philadelphia to four hits but although St. Louis made thirteen safeties, the Athletics held the lead for the first five innings, because of Walker's double and a fumble by Gerber and two bases on balls. St. Louis won in the sixth, Sisler scoring the winning run on a squeeze play with Gedeon bunting.

SCIENTIST OF THE MAT COMING AFTER CHAMPION.

(BY A. F. MURPHY.)

EDDIE O'CONNELL, of Portland, perhaps the most thoroughly scientific wrestler living, will be seen at the Los Angeles Athletic Club Thursday evening, June 20, in the greatest battle of his life.

When the Miller-Kennedy scrap was for the title was pulled off ten days ago, challenges to the winner were received from O'Connell, Miller, and Ted Dyer of Spokane. Miller having put Kennedy in the hay, the L.A.A.C. immediately got in communication with all the challengers, every one of whom is a first-class mat artist, and made a sort of first-come-first-served proposition. Miller plays as a favorite, and wants to give every worthy contender a chance.

MACHINERY—ALL KINDS

This image shows a vertical strip of a document, possibly a manuscript or a printed page. The right side of the strip is a dark, textured material, likely the binding or cover of a book. The left side is a lighter, off-white or greyish material, which appears to be the page itself. This lighter area is heavily stained and discolored, with numerous dark spots and streaks. Faint, illegible markings are visible along the left edge, which could be remnants of text or decorative elements. The overall appearance is that of an old, damaged, or perhaps water-damaged document.

NEW SOLEMNITY WILL MARK MEMORIAL DAY.

Churches, Societies and Individuals will Pray for Nation's Victory.

CHURCHES, civic and patriotic societies and individuals of Los Angeles will observe Memorial Day tomorrow in a spirit of keeping with the solemn proclamation of President Wilson. It will be a day of tribute to the honored dead, and also one of prayer for the victory of the American army and the Allies, so that there may be "a peace founded upon mercy, justice and good will."

In all of the Catholic churches there will be special prayers at the masses. The Episcopal churches throughout the diocese will have special services in keeping with the day. Many of the Protestant churches have formed groups for the purpose of joining in public services. Many societies will give special observance to the day, and numerous patriotic events are scheduled for tomorrow.

AT BIBLE INSTITUTE. The big observance of the day will be the memorial exercises in the Bible Institute auditorium, Sixth and Hope streets, at 2 o'clock. This program will be under the auspices of Bartlett-Lewis, Stanton, Kenesaw and Robley D. Evans posts and Relief Corps of the Grand Army of the Republic; Rosecrans and Stanton camps, Sons of Veterans; Jessie Fremont Post, Daughter of Veterans; Roosevelt and Glass camps and Veterans, United Spanish War Veterans, and Union, Columbia and Lawton circles. Ladies of the G.A.R. and auxiliary to the Sons of Veterans.

The general Memorial Day Committee is composed of R. Hefflinger, chairman; Charles F. Derby, secretary; William S. Dausenpeter, treasurer; W. A. Packard, grand marshal; J. W. Dolan, chief usher; Russell C. Martin, chairman of speakers.

Prof. John Huest Trowbridge will be the musical director, with Charles Howard Marsh as accompanist. The program will open with a bugle call, "The Assembly," by Command E. L. Worth, Grand Marshal. W. A. Packard will call the assembly to order and the G.A.R. Pipe and Drum Corps will play a medley. Col. William H. Holabird will give the opening remarks, and the invocation will be said by Chaplain D. D. Cheney, followed by a cornet solo by G. C. Coleman of the United States Navy and a song, "Land of the Living," by the Bible Institute Male Glee Club.

Unexpected Guest of the Seaside.

Gov. Cantu and his family.

At the top is Mrs. Anita Cantu, wife of the Governor; at the upper left, Roberto Esteban Cantu; lower left, Ana Louise Cantu; Baby Carlotta Alicia Cantu is on the land of Mrs. Pablo Dato, Mrs. Cantu's mother.

LOWER CALIFORNIA'S GOVERNOR LEAVES. Esteban Cantu, Military Governor of Lower California, left Los Angeles yesterday after visiting his wife and three children, who have been spending a vacation at No. 11 Ocean avenue, Santa Monica. The Governor stops first at Mexicali, and then proceeds to Tia Juana, his summer capital. His visit here was not announced. He spent most of the time playing with his children on the sand in a bathing suit and got badly sunburned.

The Governor's family, consisting of his wife, Mrs. Anita Cantu; her mother, Mrs. Pablo Dato, and her three children, Roberto Esteban Cantu, aged 2; Ana Louise Cantu, aged 2; and Carlotta Alicia Cantu, aged 1, will leave in a few days for their home at Tia Juana.

Gov. Cantu owns extensive cotton property in the Imperial Valley, and on his way to Los Angeles he inspected this with A. A. Martin, a wealthy cotton grower of Calexico, who is now living with his family on North Herndon street.

The Governor paid no formal calls while here and said he had come only to enjoy a few days with his family at the beach.

GOVERNOR LEAVES.

TOLBERT GIVEN THREE MONTHS.

Penalty for Pulling Switch at Edison Station.

"Fishy" Excuse Commented Upon by Court.

Truth Would Have Brought Lighter Sentence.

Denying his application for probation, Judge Houser yesterday, bearing in mind the recommendation of the jury for extreme leniency, sentenced Henry Lloyd Tolbert to serve three months in the County Jail for pulling a switch in the Southern California Edison substation on East Third street on March 19, last.

The court told Tolbert that his explanation was "altogether too fishy for me to take any stock in; if you had made a clean breast of this matter, you would have stood in a better position. You did not tell the truth about it."

Tolbert's attorney, Cleveland Schultz, made a strong effort to show that his client was a deserving young man; that he had not been charged for being drunk at Lyle Creek while working for the Edison concern, and that he had a good record in the navy and was loyal and patriotic.

Mr. Schultz admitted that Tolbert while on a furlough had met and fallen in love with a girl and did not return to his ship the Hiram, but was sent by the department to Mare Island, was court-martialed and received a sentence. While working for the Edison people he went to school with the view of becoming a mate in the merchant marine.

The evidence before Judge Houser was that Tolbert was discharged from the navy after being court-martialed and serving a sentence of eight months. In an alleged confession to Deputy District Attorney Doran, Tolbert stated that he pulled the switches at the instigation of a man who waited outside of the substation until he plunged the plant and a portion of the city in darkness. At that time there was a strike on, and Tolbert said he was in sympathy with the strike. Persistent efforts failed to elicit from him the identity of this man.

COUNCIL TO MODIFY HEATER ORDINANCE.

The Health and Sanitation Committee of the Council yesterday announced that it will recommend that the proposed ordinance providing for the removal of instantaneous water heaters from bathrooms and sleeping apartments be modified. Considerable objection to the measure has developed and the committee now favors regulation rather than extermination of the heaters.

A Ruud will give you all the Hot Water, you can use for any purpose

THE Ruud is the efficient, economical way of supplying ever-ready hot water in unlimited quantity—fresh, clean, steaming hot—in bathroom, kitchen, or laundry.

In its operation, a Ruud Automatic Water Heater is simplicity itself. When you open a faucet, the running water automatically turns on the gas which ignites from a tiny pilot light. It heats the water instantly as it passes through the copper heating coil. Turning off the water automatically shuts off the gas again until the next time you want HOT water.

RUUD AUTOMATIC GAS WATER HEATER

"Hot Water All Over the House"

The Ruud burns only enough gas to heat the exact quantity you use—no more, no less. It may be set up in your basement or some other convenient place where it will never be in the way.

Even the initial expense of the Ruud Heater is moderate—extremely so when you consider that the investment means instant hot water service for your entire household. Many Ruud Heaters have been in service for twenty years, and 20,000 of them are giving daily service in California today.

If you prefer, you may buy your Ruud on OUR CONVENIENT PAYMENT plan. You may order through your plumber, if you wish. But come in early and see the various models. If you cannot come, telephone, and we will have our representative call upon you and give you all the facts you want to know.

GRAND MARSHAL ISSUES MEMORIAL DAY ORDERS.

GRAND MARSHAL W. A. PACKARD, representing the patriotic organizations of the city, issued the following general orders yesterday regarding the formation and line of march of the Memorial Day parade tomorrow:

Patriotic orders will assemble at Central Park at 1 p.m., and form in marching column of four, and be ready to march promptly at 1:30 p.m. The line of march will be as follows: Grand Marshal, Chief of Staff C. F. Derby and staff, will form on Hope street, right turning on Sixth street. All soldiers and sailors who are in the city on May 30th are asked to participate. Position will be assigned to them by C. F. Derby, Chief of Staff.

Housewives and Stanton camps, Sons of Veterans, will form south side of Fifth street, right turning west of Hill street.

Los Angeles Veterans Vets and Drum Corps will take position west of Hill street.

Grand Marshal, Chief of Staff C. F. Derby and staff, will form on Hope street, right turning on Sixth street.

Stanton Post, G.A.R., will form on west side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on east side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on south side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on north side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on west side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on east side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on south side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on north side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on west side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on east side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on south side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on north side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on west side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on east side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on south side of Hill street, right turning on Sixth street.

Stanton Post, G.A.R., will form on north side of Hill street, right turning on Sixth street.

Life's Gentler Side—Society, Music, Song and the Dance At the Play-houses.

SOCIETY.
BY VIRGINIA WOODS.
The engagement of the couple has been announced and arrangements for the ceremony were made upon Mr. McLaughlin's return from the day before on a short absence from the battleship. The ceremony was witnessed only by members of the family and Mr. and Mrs. Tom Bundy. Miss Margaret Mearns, sister of the bride, was the bridesmaid. The ceremony was held at the home of the bride's mother, Mrs. Charles H. Mearns, a wealthy business woman, whose home has been in Altadena for many years. She is one of the prominent young women in the city and is secretary of the Altadena and Navy League. She is also an important figure at both charity and junior charity balls. Her father, who is an accomplished musician, she was educated at Marlborough School, Los Angeles, and finished at Millbrook School, at Millbrook, N. Y. Mr. McLaughlin enlisted in the navy a year ago and was called in December to the engine training class on the battleship Oregon, which has been in American waters since then. He has had an unusual career as a tennis player, and is said to be one of the best players in the State. It was as a schoolboy of 14 that he first began showing form at the Golden Gate Park Club in San Francisco, and at 19 years of age took the State championship. In 1913 he journeyed to Australia, where he won the championship, and in 1915 in New York he won the championship of the world by defeating Anthony Wilding and Norman Brookes, both of Australia. Following a short reception yesterday afternoon, the couple left on an automobile trip. Mr. McLaughlin must return to his ship Monday morning.

Engagement Told at Luncheon.
At a luncheon of attractive appointments news of the engagement of her daughter, Margaret Elizabeth, to Ensign Joseph Thomas McLaughlin, U.S.N., was told by Mrs. Frank E. Moore of No. 426 South Oxford street. Plans for the wedding are uncertain, due to the work of Ensign Owen, who is at Annapolis taking the ship.

(Continued on Seventh Page.)

Mr. and Mrs. Maurice McLaughlin.

Fashion's Favorites.
An odd Chinese ornament makes a beautiful necklace. Tan and gray shoes are almost as stable as black and white. Wear silk and ribbons are very smart indeed for sports clothes. Dresses of cotton net are trimmed with embroidered organdie. Some hats have fencer's upright wings built around their crowns. Cotton frocks are permitted in the most fashionable social circles. Plaid gingham is more effective when combined with plain material. Colored organdie frocks are charming with organdie hats to match. Sports clothes nowadays are very smart and serviceable instead of gay. Ribbons to be knitted into sweaters are now to be seen in many colors. The calico dress gains much interest by being piped with a plain material. Evening frocks of tulle or chiffon have the underskirts stopping at the knees. Dark linen frocks are stitched in fantastic designs with white cotton threads. So many cotton frocks are finished at the neck with turnover collar. Pale yellow marquisette worn over a white slip makes a pretty afternoon dress. Dresses of soft materials have their hems unpressed, which suggests the trousers of a woman. Dainty hats are made of two layers of lace with flowers pressed flat in the center. The woman who wears a red hat should see that the rest of her costume is severe. Darker dress for the small girl than one of white voile embroidered with old blue.

REVIEWS.
FERRIS HARTMAN HERE.
HE WILL GIVE US MUSICAL COMEDIES AT BURBANK.
After a few years in the world of films, during which he directed such celebrities as Roscoe Arbuckle and others under the Mack Bennett and Keystone banners, Ferris Hartman returns to the footlights this coming Sunday matinee at the Burbank in a 1918 version of Walter de Leon's famous musical comedy, "The Campus Musical Comedy." The Campus Musical Comedy Company is the sponsor for Ferris Hartman's reappearance as a stage comedian, having persuaded him to give up a lucrative job as director with a prominent film company once more to do the grease paint and make-up, and to appear before appreciative audiences rather than handle the megaphone with only the cruel, cynical eye of the camera looking on. This week the Burbank is being entirely renovated, refitted, refurbished and redecorated. The coming of the famous comedian, everything New All the Way Through is the slogan of the management. Opening with the famous show that ran several weeks at the old Grand Opera House several years ago, the company will present such a different play. Popular fifty, including several notable supporting comedians and feminine singers, as well as what the advance agent characterizes as "an all-beauty chorus," will support Hartman.

Pantages.
"Oh, mamma, wouldn't it be just wonderful if my dollies could come to life, and walk around, and do things just like people?" Did your little girl or any little girl ever ask you that question? If so, you smiled indulgently, said "Yes, dear," and resumed your knitting. But just the same, wouldn't it be wonderful? When you take that little girl to see "The Nation's Peril," you will see a regulation man-and-girl, song-and-dance, and those tiny round-eyed women doing a Hawaiian shimmy and a "Hawaiian Shimmy." "The Nation's Peril," "The La Follette Trio," French singers from "over the top," "Variety Boy," Lew Wilson, and Madison and Winchester, with their "Nonsense," complete the bill.

Hippodrome.
Syncope with a capital "S" is the funniest offered at the Hippodrome this week. Myrtle Prince and three charming young women who sing with her present the most artistic and hilarious musical act that Mr. and Mrs. Los Angeles have had in some time. The "Hippodrome" also offers two mighty attractive young women and an athletic youngster who can sing, dance and evolve a lot of comedy out of nothing. Of course, Little Lord Robert takes the center of attention. This tiny marvel of nature, high to his eyes, "I do so hope that she will come West at once, as I am planning a three weeks' run here. Yes, I had my usual daily telegram from my wife today, which informs me Miss Farrar is singing in Omaha."

Charges Coercion.
Nephew seeks to break will of Uncle, saying that he was dominated by his uncle.

William W. Moreland. A nephew of Israel Wolsey of Covina, who died in Glendale April 19 last, filed a contest yesterday with the probate court asking that a probate be denied a will alleged to have been signed by the deceased. The contest was filed for the probate of the will, which amounts to about \$20,000 in real and personal property. The contest was filed by William W. Moreland, who is a chronic inebriate, and completely insane. Wolsey, who used his influence to the end that the petitioner got no share of the estate, is a chronic inebriate, and completely insane. Wolsey, who used his influence to the end that the petitioner got no share of the estate, is a chronic inebriate, and completely insane.

TELLS OF WAR IN EAST.
Recent Commander of British Forces in Mesopotamia is Here on Lecture Tour.

The importance of the Mesopotamia campaign in the winning of the war will be the subject of a lecture tomorrow evening in the Talmadge Theatre. Col. J. S. Wardlaw Mills, I.D.F., until recently commander of the British military forces in Mesopotamia, Col. Mills has been absent a few months' leave of absence and is touring the United States speaking under the auspices of the British Military Speakers' Bureau of Information.

The Alexandria last night, Col. Mills said that the importance of the operations in Mesopotamia were who have already seen it. It will live long in their memories as the representative drama of the far north.

FLASHES.
Hits and Hits.
WRITES A NEW ONE.
TELLEGEN ADMITS HAS AGAIN TAKEN PEN IN HAND.
By Grace Kingsley.
Just as if one success were not enough, that versatile actor-author, Lou Tellegen, who is scoring a great hit at the Mason this week in "Blind Youth," has gone and purchased a typewriter and written himself another play. Not only this, but he wrote it for the most part while on tour in the present play. The new drama is not yet named, and all that Mr. Tellegen will reveal regarding its plot is the negative fact it is not about war. It is, however, a serious drama, and has as a hero a modern Russian Prince. Just how a person could write a modern drama about a Russian second and Broadway in New York. However, before launching his new play, Mr. Tellegen is to appear in a new play of the Hattons', authors of "Upstairs and Down" and "Lombard St." The new piece is a comedy, and was purchased outright by Mr. Tellegen, who will produce it in New York immediately following his present tour, which ends within six weeks. "I think the present day audience want relief from the stress of war and from all serious subjects," said Mr. Tellegen, "and it is for this reason I have chosen to appear next in a comedy."

Concerning Mrs. Geraldine Farrar. Mr. Tellegen has not yet ceased his awed admiration of the fact that during the recent Liberty Loan drive, the diva alone and single-handed, and within a few hours, sold bonds amounting to more than \$100,000, at the corner of Forty-second and Broadway in New York. Just what Miss Farrar's present plans are, he does not know, all depending on whether her next Broadway picture is to be produced here or in New York.

"But I do so hope," said Mr. Tellegen, with the low-light springing into his eyes, "I do so hope that she will come West at once, as I am planning a three weeks' run here. Yes, I had my usual daily telegram from my wife today, which informs me Miss Farrar is singing in Omaha."

Miss Clayton's First.
It has been decided by the Lasky Famous Players company that the first feature in which Ethel Clayton will appear will be a visualization of one of Ibsen's plays, to be done under the direction of William De Mille. That is, the plot of the Ibsen play will be used, but the scenes will be transferred to the United States. Mr. William De Mille enters the directing field after an absence during which he has been writing the story for his brother, Cecil De Mille. And it now appears that after all, that Lasky is want such an expensive proposition, inasmuch as the conflagration was filmed and appears as a feature of Mr. De Mille's story, which, as he explains, needed a fire anyhow.

Her Boy's a Soldier.
Reposing on the make-up table of Elizabeth Murray, at the Orpheum, is a photograph of a handsome young man, the son of a private in the army. "My son," says Elizabeth, with pride in her eyes, "and a back private he is. He has been selected for a commission four times," she adds, "but he says he's a fighter, and in the ranks he'll stay. Good bless him!"

Picking Her Dancers.
A high-brow convalesce is held at the Orpheum every morning these days, being nothing less than the try-out of high school and college girls, which Miss Marion Morgan is holding in order to obtain dancers for her new act of next year.

Dorinda will Oblige.
No less a person than the noted dancer, Miss Dorinda, who was the sensation of New York for two years, in her dance, the "Hawaiian Village," which will be a feature of the dance and carnival to be held at the Lasky Theatre June 8, for the benefit of the families of the boys in khaki who were members of the Lasky force.

The State Women's War Relief is planning a giddy time for Tuesday afternoon, when all visiting soldiers who attend the regular weekly function will not only be filled up on the demerol tea, but will be allowed the delightful privilege of dancing with the young ladies of the "Oh, Boy" company.

Will Wyatt has indulgently given permission that the stage may be cleared of its scenery on that day, saving and excepting only the young ladies aforesaid, and a jazz band will furnish music.

The entertainment yesterday was a huge success, with scores of soldiers accepting tea from the fair hands of Bertha Mann, Brockwell, "Bullie" Brockwell, Vera Lewis and others.

A special tea will be given next Friday afternoon, in honor of the first feature in which Ethel Clayton will appear.

Prices: Night—10c to 50c. Mat., 5c to 25c.
Next—"One of Us" by Jack Laity.

THE NEW.
IN STORES AND HOMES.
NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.
By Olive Gray.

Up-to-Date.
Summer hats of finest horse-hair braid, giving the effect of a cloud of lace surrounding the youthful face. Black satin vests of unusual design, to enhance the values of white suits for summer, whether the suits be of cotton, wool or silk. Fringe as sole trimming for the white, Milan or Leshon hat. The fringe may be placed flatly upon the brim, or may fall from the top of the crown, almost completely veiling it. White-dotted swiss has resumed its summer way, not only for fluffy frocks for girls and even for their sedate older sisters, but also in compensating the dainty negligees and house dresses for summer use.

New Knit Kit.
Concealed at the base of that newest knitting bag is a compact compartment which, when you open a certain slide, opens to disclose a complete knitting kit—everything even to the yarn winder and needle protector. The bag is a handsome one and one which any knitter would be proud to port.

Bright Red.
The hat of "brightest" scarlet is out of fashion. To top off a summer suit of frock, and with it may be worn a set of earrings and a chain or brooch. The bag is a handsome one and one which any knitter would be proud to port.

Discrimination.
"Do you sell as many earrings?" I asked the man. "More than ever," but they are chosen with more discrimination. "When people just bought earrings because they liked the color or the shape; but now they try to choose with more discrimination."

MATINEE AND EVENING MATINEE TOMORROW
ONE OF THE BIGGEST REAL DELIGHTS

Lou Tellegen
In His Stirring Play Direct from Your Capacity Months in New York
"BLIND YOUTH"
By Willard Mack and Lou Tellegen—Direction Charles Emerson Cook
Evening Prices—50c to \$2.00. Mat. today and tomorrow, best seats 15c. Saturday Mat., 10c to \$1.50.

ENDORSEMENTS OF THE LOS ANGELES PRESS:
"Mr. Tellegen's play is a masterpiece of dramatic art. It is an experience that will leave one with the memory of many big minutes."
"You find in the Herald: 'Blind Youth' will open your eyes and entertain you to the full value of your money."
"Piercing Lawrence in the Examiner: 'The star was given a hearty reception. Last night with ten or a dozen curtain calls and much enthusiasm."
"Morning Ledger in the Express and the Herald: 'There was an intensity that was positively fascinating. There were a few decidedly brilliant individual moments. After French made had challenged thought and admiration."
W. M. Campbell, Recorder: "Typical Mack kick in Tellegen's play!"

FAVOR COMPROMISE ON BILLBOARD ORDINANCE.

Residential District Eyesores will be Removed; Legal Battle Obviated.

COMPROMISE proposals made by the Foster & Kleiser Company, who recently purchased the local interests of the Thomas H. B. Varney Company, in connection with the billboard ordinance, which will become effective next Saturday, were referred yesterday to the City Attorney and the Public Welfare Committee by the Council. Because it will be impossible to make a report prior to next Monday, President Farmer was instructed to request that the Board of Public Works suspend the operation of the ordinance until the matter has been threshed out in the Council.

During the discussion of the ordinance it was apparent that a majority of the Councilmen are in favor of taking action which would obviate a legal battle, and at the same time rid the residential districts of billboards. George W. Kleiser, president of the Foster & Kleiser Company, assured the Councilmen that he will remove all of the billboards from the residential districts immediately, providing the Council amends the ordinance so as to eliminate the frontage consent clause in semi-business districts and the clause which prohibits the erection of a billboard within fifty feet of any residence.

MEANS MONEY LOSS.
Mr. Kleiser reviewed the whole billboard matter and made it clear to the Council that it is not the wish of his company to come into Los Angeles with a belligerent spirit. He said his business is legitimate; that his company has received the approval of every other city in which it operates, and he knows of no reason why the public in Los Angeles should not feel friendly toward his concern. He said he knows that billboards should not be placed in residential districts, and is more than willing to remove them, notwithstanding it will mean a loss of 25 per cent. of the company's business. To remove the boards from the semi-business districts will cost the company 25 per cent. of its business, he stated.

"Under the circumstances it is absurd to assume that the company will sit by and permit the ordinance to become operative without contesting its validity in the courts," Mr. Kleiser said. "We feel that our proposition is fair and that we are going more than half way with the city when we volunteer to take the boards from the residential districts."

"We do not want to litigate. It costs money to go through the courts, but if forced to do so we feel certain that the present ordinance will be declared invalid. We have the assurance from some of the brightest legal minds in the State that the ordinance is illegal, among them being former Supreme Court Judge Henshaw."

Mr. Kleiser further stated that the local ordinance no doubt was based upon the decision of the United States Supreme Court in connection with a billboard question raised in Chicago. In this case the court held that the city had a right to demand that a billboard concern get the frontage consent.

NOT CHALLENGED.
"But the Supreme Court's decision," he said, "was based upon its opinion that a State has a right to legislate its own laws, and is not to be construed as affecting every other State in the Union. The Supreme Court has ruled that frontage consent is illegal, and your City Attorney told the Council a year ago that if the present ordinance is sustained by the Supreme Court it would have to reverse itself."

This statement was not challenged by Assistant City Attorney Jess Bishop.

Mr. Kleiser presented letters of recommendations from officials and others of all of the cities in which his company operates. He also presented petitions from many local business men urging the Council to take no action which would unnecessarily cripple or destroy the billboard plant. Other petitions were signed by many retail dealers, motion-picture people and citizens who make up the business part of the city.

The following petition, signed by several hundred prominent merchants and business men, was submitted to the Council by Mr. Kleiser: "To the Honorable Mayor and City Council of the city of Los Angeles:

"Gentlemen: We, the undersigned manufacturers, jobbers and wholesalers of the city of Los Angeles, hereby respectfully petition the Honorable Mayor and City Council to accept the amendment to the present ordinance regulating the construction and maintaining of billboards in the city of Los Angeles, as proposed by Foster & Kleiser Company, for the following reasons:

"First, we are desirous of further-

NEW KIND OF HUN DEVICE?

Secret Service Man Oddly Afflicted by Handshake with Spy Suspect.

An agent of the Department of Justice came into the Receiving Hospital yesterday for treatment of a curious ailment on his hand.

The government investigator shook hands with a German spy suspect while being introduced to him for the purpose of obtaining information, and several minutes later he came away with a strong itching in the palm of his hand. In a few minutes a deep red rash broke out, and the man lost no time in getting to the hospital.

Second, we believe the adoption of the amendment will eliminate all just cause for the complaint against billboards which heretofore existed. Third, Foster & Kleiser Company, while a native son of our city, is well established with most progressive ideas in advertising in other communities on the Pacific Coast, and should be encouraged to promote these ideas in Los Angeles. Fourth, all legitimate businesses should be interfered with as little as possible during the period of the war."

INJUNCTION POSSIBLE.

While ex-Judge Henshaw was present at the hearing, he did not make any statement. However, it was announced by Mr. Kleiser that the papers have been prepared for filing an injunction suit, if such procedure is necessary.

President Farmer said he believed the Council should take a practical view of the matter; that if the people can get what they want, namely the removal of billboards from the residential districts, it probably will be the best plan to grant the concessions requested by Mr. Kleiser. The same view of the situation was expressed by Councilman Criswell, chairman of the Public Welfare Committee. It was indicated at the hearing that Messrs. Farmer, True, Criswell, Conrad and Reeves are in a mood for compromise, because they want to get the billboards out of the residential districts at once. Mr. Mallard suggested that the two objectionable provisions be placed in another ordinance. Mr. Olsen did not express himself, and Mr. Conaway's attitude could not be determined.

Noted Horsewoman a Bride.

Mrs. Carman Randolph Runyon.

Culmination.

ROMANCE BEGUN IN EAST LEADS TO WEDDING HERE.

MISS ELLEN HART and Carman Randolph Runyon, a wealthy retired New York business man, formerly president of a large eastern coal corporation, were married on Monday evening at the home of Mr. Runyon's sister and brother-in-law, Mr. and Mrs. William E. Belknap of No. 6516 Fountain avenue, Hollywood. The couple were attended only by Mr. Runyon's little niece, Isabel Belknap, and a civil one, was performed.

formed by Justice Hugh Cochran. Mr. Runyon, who came to Pasadena four years ago with a divorce from her a year ago after she had written him a formal letter saying she had decided to leave for Yonkers—that she bore him no ill will but felt their married life had been unsatisfactory. Since obtaining his divorce Mr. Runyon has resided in Hollywood.

He leaves for Washington on June 1, having been called there in the service of the government. He and his bride will leave at once for a trip through the Yosemite Valley after which they will be at home at Orchard Gables, the residence of Mr. and Mrs. Belknap.

The romance of Mr. Runyon and his bride is the result of an old friendship, the two having known one another in New York. Mr. Runyon is well known in exclusive social circles in Pasadena, Los Angeles and Hollywood. He built and furnished a handsome home in Altadena two years ago.

The new Mrs. Runyon formerly resided in New York. She is fond of horseback riding and since coming to Los Angeles has often been seen riding at Beverly Hills.

MAN IS ELECTROCUTED WHILE HIGH IN AIR.

BREAK IN TUNE HE SANG WAS ONLY WARNING OF THE TRAGEDY.

A sudden break in the melody the man was humming while at work in his little cab on top of an electric crane at the plant of the Pacific Pipe and Supply Company, was the only warning fellow-workers had when Charles Wentworth, the crane operator, was electrocuted late yesterday afternoon. He was dead when brought to the Receiving Hospital, and all efforts to restore breathing failed.

Wentworth obtained employment in the plant at No. 1602 Santa Fe avenue, about a week ago, and several days later, when a vacancy presented itself, was given the job of running the crane. Yesterday, a few minutes before quitting time, some of his fellow-workers called to him saying it was about time to stop working. "All right, be down in a minute," the man called out, and started humming a song. Suddenly he was heard to stop. There was a short, low groan, and then silence. Looking up, the workers saw the man's form bending over the mechanism, motionless. Fearing an accident had happened, an official of the plant immediately turned on the current, and the body in the cab on top of the crane was seen to relax and fall to the floor.

Fire Department Truck No. 17, from Seventh street and Santa Fe avenue, was called, and the man carried out. He was rushed to the Receiving Hospital, but every effort made by Assistant Police Surgeon Houghton to save the man's life, was fruitless. Wentworth is believed to have a family in the city, but the police were unable to learn his address.

FIGHTER'S NAMESAKE IS BELIEVED CRAZED.

ADMITTS VIOLATING MANN ACT; WILL BE EXAMINED FOR SANITY.

Quantrell Price Wilson, owner of several famous names and boasting Missouri as his birthplace, changed his plea to guilty before Federal Judge Bledsoe yesterday of violating the Mann Act, and was ordered into the custody of the State authorities for examination before the Lunacy Commission.

Wilson while residing at Brawley, Imperial Valley, arranged a meeting with his 14-year-old sister-in-law at Niland, and took her to Arizona, after the girl had told Wilson's wife she was on her way to Los Angeles. The pair were arrested in Arizona and brought here by Federal officers.

Wilson declared he came from a family in Missouri well known in Civil War days. He is named after Gen. Quantrill, leader of a band of guerrillas bearing his name which terrorized the Middle West during the Civil War. Gen. Price was also a Missouri general in the war.

TO ADMIT SOME ENEMY ALIENS.

Revised Naturalization Law Partly Opens Door.

Application Two Years Prior to War may Suffice.

Those in Army and Navy may be Citizens at Once.

Enemy aliens who two years prior to the European war declared their intention to become American citizens may, under the revised naturalization law, now become citizens, although such action remains discretionary with the presiding Federal judge. Under the same revised statute the immediate granting of citizenship to all aliens in the United States Army and Navy is expressly provided for, according to a statement by Naturalization Examiner Jones yesterday.

Since the entry of America into the war the courts of the southern district of California have been withholding all applications for citizenship of natives of Germany, Austria, Bulgaria and Turkey for action at the end of the war. Mr. Jones declared that action on the part of Federal Judges Bledsoe and Trippett at the present time to grant citizenship to ardent nationalists of the Central Powers is doubtful.

FOR ALIENS IN ARMY.
Commencing next week more than 800 alien members of the National Army at Camp Kearny are to be examined for immediate citizenship under the direct supervision of Mr. Jones and in compliance with the new naturalization regulations. L. Eldredge, newly appointed assistant to Mr. Jones, is now at Camp Kearny arranging for the examinations. Other contingents within the jurisdiction of the local office, notably at Douglas, Ariz., where 218 men await naturalization; at Nogales, with 288 soldiers, and at El Paso, where several hundred are ready to become Americans, are to be visited by Mr. Jones following the disposition of the Camp Kearny cases.

In addition to these, numerous border patrols in California and Arizona are to be visited. "The main idea of the revised naturalization law is to provide a thoroughly American army on the European battlefields," Mr. Jones said.

RESIDENCE WAIVED.
In the case of all American soldiers, the clause providing for a declaration of intention and five years' residence in the United States is to be waived. The examination classes are to be conducted by a Superior Court judge of San Diego, the men going to the examination hall in groups. At least 800 men are examined preparatory to be made for handling at least 300 others who will arrive at the camp under the new quotas. At Camp McArthur also are 100 men awaiting citizenship.

During June no naturalization classes will be held in Judge Bledsoe's court, and which in the case of Mr. Jones.

FREE MAIL DELIVERY FOR HUNTINGTON PARK.

NEW POSTOFFICE WILL BE PLACED IN SUBURBS BY AUGUST FIRST.

Huntington Park by August 1 will be raised to the dignity of having a regular postoffice, together with free delivery service. This announcement was made yesterday by Postoffice Inspector Cookman, following an investigation into the status of the town as to population.

Huntington Park since the annexation of Walnut Park now boasts a population of approximately 1000 souls, hence it comes within the law prescribed for the establishment of postoffices and free delivery of mail. "We are now looking up a suitable building to lease for a postoffice," said Mr. Cookman yesterday. "By August 1 we should have the station regularly installed, with a new superintendent."

"In looking over Huntington Park recently I noted that not a decent house existed in the town. Building is looking up well over there, and the addition of a postoffice with free delivery should stimulate growth still further."

SHE SUFFERED FIVE YEARS

Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Ker West, Fla.—"For five years I suffered from irregularities, with terrible pain, and an awful weakness in my back. The doctor gave me different medicines but they did me no good. A friend advised me to try Lydia E. Pinkham's Vegetable Compound and I found it to be the best medicine I ever tried because it made me well, and I can now do my housework. I am feeling my friends about it."—Mrs. J. M. CAMUS, 728 Caroline St., Key West, Florida.

Many women at some period in their life suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound, just as Mrs. Camus found it helped her suffer for years and trying everything else in vain. If you have any annoying symptoms you fail to understand, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The results of their forty years experience in advising women on this subject is at your service.

Hamburger's Groceries

ESTABLISHED 1881

For the Home and Decoration Day Picnics

You will want something a little out of the ordinary for the picnic. Here are delicious suggestions:

- Curtis Sandwiches, 12½¢ jar.
- Gregg's Fancy Olives, pt. can, 15¢.
- Sliced Boiled Ham, 50¢ lb.
- California Cream Cheese, 25¢ lb.
- Sliced Minced Ham, 25¢ lb.
- Wieners, 22¢ lb.
- Fancy Mixed Sweet Pickles, 25¢ pt.
- Fancy Dill Pickles, 3 for 5¢.
- Freshly Dressed Broilers, 35¢ each.
- Freshly Dressed Hens, 35¢ lb.
- Pig Pork, 25¢ lb.
- Fresh Beef Tongues, 25¢ lb.
- Fresh Creamery Butter, 47¢ lb.
- Fresh Ranch Eggs, 45¢ doz.
- Premier Salad Dressing, 35¢ btl.
- Libby Catsup, 12-oz. btl., 18¢ ea.
- Hamburger's Special Blend Coffee, 30¢ lb.

—Visit the demonstration of Kneip's Malt Coffee substitute and Taylor's Flap Jack Pancake Flour.

(Hamburger's—Fourth Floor—Today)

For Picnic and Camp

- Camp Grids; fold up when not in use, 75¢.
- Bamboo Knives and Forks, 5¢ pair.
- Paper Plates, 5 or 6-in. size, 5¢ dozen.
- Paper Plates, 7 or 8-in. size, 6¢ dozen.

"Bread and Butter" is the Staff of Life

"Bread and Butter" is one of the first things children learn to lisp.

Even before they talk, they beckon for "Bread and Butter." It makes their eyes brighten, instinctively they know the food that will build and develop little bodies.

From infancy to old age, "Bread and Butter" is the staff of Life—the key-stone of every meal.

Put more relish, more corpuscle building power and more quality into your "Bread and Butter"—by using

Brookfield Butter

Churned in modern, sanitary dairies located in the richest grass districts of California.
